FIRST RESPONDERS GROUP

# CapacityBuilding WebinarSeries

## Innovating with Disaster Drills and Exercises

### Register to Attend

Date: Thursday, June 18

Time: 1:00 pm EDT

Register: [bit.ly/exercisewebinar](http://bit.ly/exercisewebinar)\*

\*Use the same link to view the recording

### What you'll learn...

- Understand opportunities to innovate within the Homeland Security Exercise and Evaluation Program (HSEEP) process
- Explain how virtual exercises can efficiently and effectively meet your objectives
- Identify best practices and innovative approaches to design, conduct and evaluate exercises

### Featuring...

#### Carla Boyce

Director, National Exercise Division,  
Federal Emergency Management  
Agency

#### Douglas Kahn

Manager, Virtual Table Top Exercise  
(vTTX) Program, Emergency  
Management Institute, Federal  
Emergency Management Agency

#### Boyce Wilson

Homeland Security Planner, Heart of  
Texas Council of Governments

### Event Co-Sponsored by FEMA's Higher Education Program

The Higher Education Program's primary goal is to work with colleges, universities, emergency management agencies, and stakeholder organizations to help create an emergency management system of sustained, replicable capability and disaster loss reduction through formal education, experiential learning, practice, and experience. >[Click to learn more](#)
